

RABBIT & ROCKET

DAILY MINI – PATIENCE

Today's mini is a Chinese symbol representing patience. The symbol is actually made of two symbols – the top portion represents a knife and the lower portion of the symbol represents a heart. The sentiment is that, without patience, the knife will strike the heart. So, let's be patient!

This image can be embroidered, thread painted, punch needle embroidered or cross stitched with any colors you like. If you thread paint, you can recreate the gradient shown in the color pattern.

INSTRUCTIONS

To copy the image onto fabric, simply do the following:

1. Right-click on the image you'd like to work with above to save it to your computer.
2. Print out the image onto regular paper. The image will be small and centered in the middle of your 8-1/2 x 11 sheet of paper.
3. Pin or tape the paper to the fabric you'll be stitching on.
4. Tape the combined paper and fabric to a light-filled window so you can see the pattern through the fabric. (Or use a lightbox if you have one!)

INSTRUCTIONS cont'd.

5. Lightly trace the image onto your fabric - you can use a regular pencil or one made for marking fabric that will disappear with heat or water.
6. Remove the paper, hoop your fabric and start stitching!

IDEAS

Adjust the size of the pattern to your liking when printing it out. It's 4-inches by 4-inches. Stitch with stabilizer attached to the back to turn into a patch you can sew to a jacket or jeans. Or simply display in a small hoop or frame. Have FUN!
